Sleat - the B
The brand came into existence last year with our website [www.visitsleat.org](http://www.visitsleat.org) and the supporting material which has been distributed by Landmark.

Our prime objective was to raise awareness of what is available in Sleat, and to persuade visitors to stay, rather than use it as a corridor to access the rest of the island.

failte WELCOME TO OUR CORNER OF SKYE.

Commonly referred to as ‘the garden of Skye’, but visitors who’ve been to this heavenly peninsula in the south end of the island more often liken it to the garden of Eden.

Violet, heather-clad mountains drop dramatically to the glittering blue sea that snakes around beaches and rocky shorelines, punctuated with lush gardens and dense forests.

Sleat is home to not just some of the world’s most beautiful scenery but also to award-winning restaurants, hotels and attractions.

Whether it’s an amble through a ruined castle, a splash through the waves on a whale-spotting trip, a cosy afternoon in front of a log fire or a Michelin-starred, candle lit dinner, Sleat caters for every taste.

One of the many features of this site is our INTERACTIVE MAP - click
Our interactive map is an exciting way to discover all that Sleat has to offer. Simply use the ZOOM CONTROLS located at the top left of the map window to focus in on all areas of interest.
Housed in a ramshackle shed at the end of a breathtaking road, here you’ll find watercolours and contemporary graphics by Peter McDermott along with an eclectic mix of locally made contemporary crafts. Everything from Giclee prints and cards to beautiful beads and pots!
